

TRADITIONAL ESPRESSO COFFEE MACHINES

EMBLEMA R A

AutoSteam Milk4 - Tall Cup Version

A/2 AE210H9BTDDG
A/3 AE310H9BTDDG

- Automatic espresso coffee machine equipped with a micro-processor for an easy programming of coffee and hot water dosage. Specifically designed to accommodate tall cups or glasses (max cup height 14,4 cm).
- The boiler is equipped with the patented **Smart Boiler** system and it is insulated with a special material which reduces heat loss for a daily energy saving of 21% (according to DIN 18873-2 parameters).
- Adjustable thermal balancing system (patented).
- Equipped with **1** standard steam wand and **1 AutoSteam Milk4** froth and heat milk without manual intervention (programmed for 4 different milk cream quantities).
- **1** hot water wand (dosed delivery).
- **Advanced electronics:** when equipped with the special kit supplied with the Wireless grinder-doser, the machine connects via Bluetooth with the grinderdoser itself to report any adjustments of the grinding and dose which are performed automatically.
- **USB** port to update the machine's software, download data and / or configuration of the recipes via USB.
- **Green machine:** last generation eco-technological solutions thought to conjugate energy saving and environmental respect.
- Lighting.
